

The McCook Tribune.

TWENTIETH YEAR

McCOOK, RED WILLOW COUNTY, NEBRASKA, FRIDAY EVENING, AUGUST 2, 1901.

NUMBER 12

Indians Took Both.

Perhaps no two games of base ball ever played in McCook or in this section of the state attracted the attention and attendance of the fans and the people generally in the degree and measure the Haskell Indians-McCook games, Wednesday and Thursday of this week, did. People were present at both games from all over this section of the state.

Both games were strong samples of the great national sport, and went to the Indians, it is but fair and proper to state, on merit. McCook put two strong teams in the field on both days and they gave a good account of themselves, but the superior team work, skill and steadiness, and all-around athletics of the Indians in both games finally brought them out victors, when at the beginning of the games it looked as though the local team might win out.

WEDNESDAY.

The line-up for Wednesday was as follows:

INDIANS	POSITIONS	McCOOK
Archibette	cf	Burney
Gravelle	lf	Garvey
Gibbins	ss	Magee
Weller, W.	rf	Lyman
Fallis	1b	Dennis
Miquel	2b	Cone
Weller	3b	Cooley
Hall	p	Pickard
Felix	c	Reed

The score by innings was:
Indians.....0 1 0 0 6 3 3-19
McCook.....0 0 1 2 0 1 0 0-6

THURSDAY.

For this game the line-up was slightly different than the opening game:

INDIANS	POSITIONS	McCOOK
Archibette	cf	Magee
Hall	lf	Garvey
Gravelle	ss	Cone
Weller, W.	rf	Pickard
Fallis	1b	Dennis
Miquel	2b	Cooley
Weller	3b	Burney
Klaus	p	Jones
Felix	c	Reed

This game opened up with Patton of Arapahoe as umpire. At the end of the second inning the Indians took exceptions to a decision of the umpire and refused to continue the game. At this time the score stood 2-0 in McCook's favor. After some wrangling the umpire declared the game won by McCook and the score was announced as 9 to 0—the usual score in such cases.

After some further discussion it was determined to play another game, and a Mr. Wagner of Arapahoe was substituted for Mr. Patton in the umpire's box. The ensuing game was all the spectators could desire. McCook started out at a winning gate, making two scores in the first and two in the third; but failed to score again throughout the game. The Indians failed to score until the fourth inning when they were credited with two; they made four in the sixth and two each in the seventh and ninth.

The score by innings was:
Indians.....0 0 2 0 4 2 0-10
McCook.....2 0 2 0 0 0 0-4

The disagreement was regretted by both managements and could have been averted but for the hasty action of one or two of the Indians, but the game as finally played was quite satisfactory all around.

Tomorrow is the Havelock game.

McCook gave the Indians closer work than they are accustomed to.

Today, the Indians will try issues with Minden, and after them at Franklin.

No amateur club should feel aggrieved to be defeated by the Indians, who play a professional game.

Pitcher Jones' work was rapid and strong and commendable. He was for the most part well supported by Reed and in the field.

Mrs. James Hetherington Dead.

After a long illness, Mrs. James Hetherington of Indianola passed to her reward, Wednesday night about midnight. The funeral will be held on Saturday morning and interment will take place in Indianola.

The deceased was about 60 years of age and a sister of Mrs. G. S. Bishop of our city, who has been with the departed sister constantly during the past week.

Mrs. James Hetherington is one of the early settlers of Indianola and of Red Willow county and her sweet, gentle life has endeared her to a large circle of friends. The aged bereaved husband has the deepest, most profound sympathy of all in this great loss and sorrow.

Happily Wedded.

At the beautiful home of Judge and Mrs. J. E. Cochran, on Lincoln Heights, on Tuesday evening of this week, occurred the marriage of their daughter Miss Alice J. Cochran to Mr. Edward A. Allen of Idaho. The ceremony which united for life these worthy young people was pronounced in the presence of the family by the Rev. G. W. Frame, pastor of the M. E. church of this city.

Mr. Allen is a prepossessing young man in appearance, a druggist by trade, and if appearances do not deceive will make a model husband. The bride is a most estimable young lady who makes one feel like congratulating Mr. Allen on his choice of a wife. She is a teacher by profession, and has but lately arrived in our city from Idaho, where she has been teaching. We understand Mr. Allen is looking for a new location in his business, and would be glad if he could find it to his interest to locate in Port Angeles. In any event the Democrat-Leader wishes them a happy and prosperous journey through life.—The Democrat-Leader, Port Angeles, Wash.

A Small Surplus.

The executive committee of the late Fourth of July celebration held a meeting, Monday night, and made a final showing and settlement of the accounts connected with that affair:

The total collections were \$372 90; disbursements, \$339 44; surplus, \$33 46. The committee decided to apply the surplus to the purchase of seats for the City park, and W. B. Mills, G. B. Berry and W. T. Coleman were selected to make the purchase.

The committee is to be congratulated twice: Firstly, upon having a surplus—a most unusual fact of a Fourth of July celebration;—and secondly, upon the manner of disposing of the surplus. The seats will be very acceptable and satisfactory to the increasing numbers who are using the comfort of the park.

Some Sugar Beets.

Horatio Stone exhibited three sugar beets at this office, Wednesday, that weighed on an average slightly over two pounds each. He claims that such beets at the close of the growing season ought to weigh twice as much. The beets shown us are given as an average of one, his fields, and if everything continues favorable he expects a fine return for his work.

His neighbor, C. A. Littell, also exhibits fine specimens of sugar beets, although it is early in the season.

Undeclared Amateurs.

Tomorrow afternoon, August 3rd, at three o'clock, will occur the game between the Havelock club and the McCook team. The admission will be 25 cents. The Havelocks are among the best amateurs in Nebraska, and so far this season have not been defeated. This fact alone promises a close and exciting game.

The Izzet.

We know you will all take a moment to read about the Izzet. Its first appearance in Red Willow county was not under that name, but it won such general recognition for its great merits that we concluded to name it. It is made expressly and exclusively for us and is used in our comfort making because of its good points: 1st—It is 7 feet long and 3 feet 4 inches wide. 2nd—It don't have to be cut off nor pieced out. 3rd—It unrolls almost like a piece of cloth and unfolds the same. 4th—It is entirely free from seed and dirt. 5th—Is fluffy and at the same time well compacted together and (6th) is never found breaking apart in the comfort and bunching down into the corners. When once tacked it is good for many years' wear. Long live our Izzet Cotton Battis! We sell them for 10c a piece and guarantee them the most weight for the money. Our own make of Bed Comforts from these unequalled batts, 6 ft by 7 ft, for \$1.65 and up. We solicit your trade on the Batt and on the Comforts. The Thompson D. G. Co. One price, plain figures, cash only.

Not a Pipe Dream.

The machine-shop men are having not a little fun over a small transaction of last week in which Julian Andrew and Esculapius Pauley were star actors. It doth appear that Esculapius was the owner and operator of a high-priced (35c) pipe of poor flue action and capacity and interested Julian in enlarging the bore, which Julian elected to do—and did. Between the opening and closing of the incident, however, Esculapius, who is charged with feeling his alfalfa some, delivered himself of a line or two (in his best Roscoe Conkling style) conveying the idea that "shopmen knew their position when they addressed professional men." Duly the pipe was delivered and the assessed charges (50c) were collected. The shop boys are a little at a loss to understand upon what basis Julian estimated the charges;—whether money "talks" or "quality" comes high.

An Anniversary Event.

One of the pleasant social events of the season occurred at the B. & M. eating house, Monday evening, July 29th, in honor of the proprietor, Mrs. Viola Ballew, who on that date turned another milestone in her life's journey. The affair was a complete surprise on Mrs. Ballew. About fifty guests were present. The girls in her employ showed their love by presenting her with a beautiful silver ring. The boarders were the appreciative donors of a handsome rocking chair. Many other gifts of friendship were presented the surprised hostess by her welcome guests. Games, music and singing engaged the company until half past eleven, when refreshments were served in the dining-room, being prepared and served by the waiters. The evening was declared by all well spent and long to be remembered.

A Grip Duo.

Mrs. W. V. Gage and little son arrived from McCook, last Saturday, visiting with her sisters here until Thursday, when she went up the road to spend a few days at Hot Springs and other points of interest in the Black Hills. She was accompanied by Miss Mid Regan,..... Wednesday evening, Misses Edith and Clara Phelan invited in a few of their friends to meet Mrs. Thatcher, Mrs. Whitehead, Mrs. Cass Cornell and Mrs. Gage, all of whom are visiting in Alliance. It was a reunion of friends who in times past made social circles of Alliance quite lively. The gathering was entirely impromptu and a very pleasant evening was enjoyed by all present.

The Cosmopolitan for August reveals the late Grant Allen in a new light—that of a keen and clever satirist of modern society, not only in England, but in the world at large. The Cosmopolitan, immediately on his death, secured from his son all his papers, and the clever allegory—"The Temple of Fate"—in the August number, is one of those selected. Like "The British Aristocracy" in the April Cosmopolitan, the present article impresses itself on the reader with a direct fearlessness which is a new quality in the author's work. If it is true that all the world loves a lover, then Edgar Saltus's clever, epigrammatic story of the princes who have relinquished thrones, position, wealth—every thing—to marry the woman they loved—should indeed be popular.
